WHO WE ARE

The U.S. Global Leadership Coalition (USGLC) is a broad-based influential network of 500 businesses and NGOs; national security and foreign policy experts; and business, faith-based, academic, military, and community leaders in all 50 states who support strategic investments to elevate development and diplomacy alongside defense in order to build a better, safer world.

WHAT WE DO

The USGLC works in our nation's capital and across the country to educate and inspire support from the American public and policymakers on the importance of America's civilian-led tools of development and diplomacy. By advocating for a strong and effective International Affairs Budget, the USGLC is working to make development and diplomacy a keystone of America's engagement with the world.

INTERNATIONAL
AFFAIRS BUDGET **1%**

With a mere one percent of the entire U.S. federal budget, the International Affairs Budget supports all of America's civilian tools of development and diplomacy.

USGLC: BROAD BIPARTISAN SUPPORT

Why It Matters

In today's interconnected world, America must use all of the instruments of national security and foreign policy at its disposal. America's civilian tools of development and diplomacy are underfunded and undermanned, which is why the USGLC supports a strong and effective International Affairs Budget for:

Protecting National Security by fighting terrorism, stabilizing weak and fragile states, combating weapons proliferation, and promoting global stability;

Building Economic Prosperity by developing international markets, driving economic development, creating American jobs, and expanding exports;

Strengthening Humanitarian Values by saving lives, alleviating global poverty and hunger, fighting HIV/AIDS and other infectious diseases, and expanding educational opportunities for women and girls.

ACTIVISTS IN ALL 50 STATES
